

HOW AN IDEA BECOMES LAW

The AZ legislature has created two fine articles that explain the legislative process from beginning to end.

One of those articles is fairly basic and uses a cartoon character (Arizona Bill) to explain the process. It may be accessed by clicking on this link:

The other article is far more detailed. It is a full 82 pages filled with useful information. It may be seen by going to:

Another explanation of the legislative process has been created by ASU's Sandra Day O'Connor College of Law. Here is the link:
